

Virtual Care Sign-up

It is best to get your student set up with their virtual health care account before they get sick or injured. It only takes a few minutes and really helps when it the time comes that they need to see a doctor. We are available during office hours to help troubleshoot the sign-up, but reaching out to the company may be the best way to get the issue resolved quickly.

To sign-up, go to the Study Insured Dashboard with your student (<https://www.studyinsured.com/godelta/en>), Click NEED TO SEE A DOCTOR?CLICK HERE (<https://www.studyinsured.com/godelta/en/health-services>) and follow the instructions to make an account. If your student is under 14 years of age, please reach out to our office.

Video chat with a doctor on your phone, tablet or computer for these issues and more.

Fast - Easy - No travel or waiting rooms - Prescriptions available

Assist your student with pharmacy information. They may not know the most convenient one to your home.

Students need to use their personal email address for this one. That way they will have access to any records well after leaving Delta School District. The registration will have two-step verification, phone and email, much like banking apps. Your student also must have their local Canadian cell number working for this (and as part of the program requirements).

Once they successfully make an account, they can log in and request to see a doctor. There is a section for a description of the issue. Keep it simple in there. "I have a sore throat and my glands are swollen" for example. The symptoms area does require a minimum of 25 characters.

We cannot do a whole lot to help as we are not the insurance company. Once your student has their account, they can hopefully see a doctor quickly. Any issues with the sign-up or registration, they need to call the assistance number 1-866-883-9787. **It is a free service. There should be no costs listed online.**

Create your virtual care account to visit with Canadian-licensed general practitioners, 24/7/365

Are you a minor (<14) OR do you have a minor under your care? ~~Click here~~ for instructions on how to register for Maple.
